RESEARCH & EDUCATION FOR HPV ELIMINATION

A WORLD-CLASS DESTINATION:

IPVC 2021 will take place in the Metro Toronto Convention Centre (MTCC), located in the heart of downtown Toronto and easily accessible from within or outside the city.

YOUR MULTIDISCIPLINARY PROGRAM:

3 main program and abstract tracks:

- Basic Science
- Clinical Research
- Public Health, Epidemiology, and Implementation Science

Diverse session formats:

- Plenary lectures
- Specialised and interdisciplinary workshops
- Early Career Researcher sessions
- Dedicated symposia
- Abstract presentations and discussions
- Industry symposia
- Networking events

FLEXIBLE REGISTRATION:

As we monitor the situation worldwide, we are planning for all possible conference format scenarios (including a virtual option) that will allow for innovative sharing of research findings and networking, while ensuring the safety of conference participants. Therefore, we will introduce a flexible registration policy and significant discounts for those who book in advance.

Save your place early and adapt later, if needed.
